

# **Vacancy**

Mechanical Site Supervisors/Managers

## **Vacancy - Mechanical Site Supervisors/Managers**

We have an exciting new vacancy for a Mechanical Site Supervisor/Manager. This is a long term position in which someone with the right skills can grow in the position and progress in a great company that focuses on a great working environment, job and customer satisfaction. This is a full time, permanent role with an attractive salary package and a company pension scheme.

You will be responsible for leading on site mechanical teams to meet with all project requirements and deadlines, project scheduling and planning. You will liaise with the project manager and will hold client/sub-contractor meetings. You will be responsible for managing all resources, crews of direct labour and subcontractors, ordering materials, managing the progress and quality of the contract and ensuring the EHS plan is strictly adhered to.

The job is full time, permanent, Dublin based, with a competitive salary including a company pension scheme, mobile and laptop.

## **Key skills and experience required:**

- Building Services Engineer, Mechanical Engineering Degree, Senior Trades qualification or equivalent.
- Ability to manage contracts in the region 200k - 3M.
- Ensure safe workplace, safe systems of work, competent personnel, safe working practices and culture.
- Supervise activity/work package delivery.
- Record daily activity logs for all site activity .
- Liaise with the various trade professionals to organise new work areas and ensure smooth co-ordination.
- Significant project engineering experience of 3-5 years+ with a mechanical contractor.
- Previous record of delivering mechanical projects (Commercial, Industrial, Pharma, Hospitality projects)
- Capability of walking down mechanical systems to ensure compliance with specification.
- Experience developing technical submittals, completing technical reviews and assessments.
- Quality of workmanship is hugely important.
- Must be performance driven and solution focused - Fluent English written and spoken.
- Able to communicate politely and professionally at all levels, internally and with customers

## **A comprehensive package: including company pension for the successful candidate.**

- Immediate start available
- Job Type: Full Time Permanent
- Attractive Salary Package
- Laptop/Mobile & Pension Scheme
